

The Single Kernel Award

Submission Form

"Never consider that you have bread enough around you to suffer your children to waste a crust or a crumb of it. If a man is worth millions of bushels of wheat and corn, he is not wealthy enough to sweep a single kernel of it into the fire; let it be eaten by something and pass again into the earth, and thus fulfill the purpose for which it grew. Remember it, do not waste anything, but take care of everything."

President Brigham Young, Discourses of Brigham Young, 292
